Assessment - Land Revenue - Siruguppa taluk- remission- Report.

Ref:- Board's Ref. # 104/32-5 dated 10-2-32 and G.O.No. Press 378 dated 16-2-32.

The hingari crops in Siruguppa taluk looked promising in November last and with one more rain in December a fair outturn was expected. But there was no further rainfall. Cloudy weather with mere drizzling and unfavourable winds adversely affected the hingari crops. Drought, pest and worm were the result. White cholam failed completely. Cotton is expected to yield a very poor outturn. Specimens of affected cotton plant and white cholam ears were sent by the Tahsildar to the Assistant Agricultural Demonstrator. Siruguppa. He has reported that the cotton plants had been affected with pink ball worms and also with soil bacteria and white cholam with moth borers; the effect of severe drought.

2. I send herewith detailed outturn statements for both mungari and hingari crops in respect of all the villages in Siruguppa taluk. The villages have been divided into three groups with reference to their outturn. The average outtur in 13 villages specified in list A is more than 6 annas. In four villages of Siruguppa firka half the land revenue was collected last year and the other half postponed. In the remaining 9 villages half the land revenue was collected a the other half remitted. According to B.S.O. 14 5(ii) the villages will not in isolation be eligible for remission as the average outturn is one half of the ordinary yield or more; but if the taluk is treated as a tract for the purposesof the rule they will get remission since the average for the taluk will be well below the limit. But the Revenu Divisional Officer, Bellary, recommends that one half of

the land revenue be collected in March in these 13 villages and the other half postponed to the next fasli.

3. Following the Board's recommendation in the other affected tracts half remission would be granted. The -- outturn in 61 villages shown in list B is less than 6 annas but four annas and more, pies being ignored. In 54 villages half the land revenue was postponed last year and in seven villages half was remitted. The Revenue Divisional Officer recommends 6 annas remission for all these villages, Here also 8 annas would be given if the Board adheres to its recommendation for other tracts.

4. The average outturn in 11 villages shown in list C is below 4 annas. It is 2 annas in Havinahal and Gundiganur. In all these villages half the land revenue was suspended last year. The Revenue Divisional Officer recommends 8 annas remission in the case of these 11 villages.

5. The outturn statements prove that there has been a -- general failure of hingari crops not compensated for by a poor mungari harvest. The crops in the previous year also were bad. If Siruguppa taluk is taken as one tract, I make the following recommendations:-

(a) The suspended land revenue of Fasli 1340 in all the 69 villages be postponed to the next fasli, as in the Bellary taluk.

(b) Eight annas remission of the current revenue be granted for the whole of Siruguppa taluk.

6. Otherwise we may refuse relief in 13 villages in list A, grant 8 annas remission in 61 villages in list B and 12 annas in 9 and total remission in 2 (Havinahal and Gundiganur) in list C.

Shimada, does not appear to warrant the very large difference which the lights of the two villages are to be called upon to pay this year. I would submit that Shimagappa should be treated in the same way as the two villages in para 2(v) of the Bds' report the amount involved is not likely to be a The same remarks will apply, mutatis mutandis, to the other three villages Ekampuram, Halekote & Thandikud The line has to be drawn somewhere & it appears in even the worst of these villages is 6 annas 7 pies. The Boards' recommendation in respect of these villages may be approved The Board is the approval subject to and consequential

(*d*) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for *one* week, and larger papers for *two* weeks only. *The type of notes and of all confidential papers is distributed immediately after striking.*

(*e*) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(*a*) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(*b*) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(*c*) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(*d*) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(*e*) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone
